Dear Mr. Greenlaw:

On February 2, 2006, the Department of Environmental Services, Waste Management Division ("DES") conducted an inspection of D. G. O'Brien, Inc. ("DGO"). The purpose of the inspection was to determine DGO's compliance status relative to RSA Ch. 147-A and the New Hampshire Hazardous Waste Rules, Env-Wm 100-1100.

As a result of the inspection, DGO was issued Letter of Deficiency No. WMD 06-016 (the "LOD"). Based upon a review of DGO's submittals received on April 25, 2006, May 8, 2006 and July 7, 2006, DES has determined that your facility has corrected the deficiencies identified in the LOD.

Please be advised that DES will continue to monitor DGO's compliance status through record reviews and on-site inspections. This Letter of Compliance does not release DGO from liability for penalties to which it may be subject for the violations identified in the LOD.

If you have any questions regarding this letter, please contact the lead inspector, Robert Bishop or me at (603) 271-2942. Thank you for your cooperation.

Sincerely,

John J. Duetsch, Administrator
Hazardous Waste Compliance Bureau
Waste Management Division
